Canadians are living with stroke³

After a life-changing medical diagnosis or emergency, recovery can be long and challenging. Now more than ever, **Canadians need reliable protection to reduce the financial impact of a critical illness, so they can focus on their health.**

That's where **critical illness (CI) insurance** comes in. CI is a type of health or "living benefits" insurance that pays out a lump-sum cash benefit if the Insured is diagnosed with a covered medical condition.

Our Critical Illness Insurance Plans

Your clients can bundle or unbundle cardiac and cancer conditions, allowing them to secure coverage they're eligible for and pay only for the coverage they need.

FOUR PLAN OPTIONS:

Cardiac Protect CI

- Heart attack
- Stroke
- Aortic surgery
- Coronary artery bypass surgery
- Heart valve replacement or repair

Clients who have a prior diagnosis of cancer and are currently in stable condition may be eligible for this plan. Maximum issue limit of **\$50,000.**

Cancer Protect CI

- Cancer
- Aplastic anemia
- Benign brain tumour

Clients who are diabetic, or who have had high blood pressure, stroke, transient ischemic attack or heart attack, and are currently in stable condition may be eligible for this plan. Maximum issue limit of **\$50,000.**

BUNDLE

Cardiac **AND** Cancer Protect CI

First and Second events paid out then policy terminates; Maximum issue limit of **\$50,000 per event.**

Cardiac **OR** Cancer Protect CI

First event paid out then policy terminates; Maximum issue limit of **\$100,000.**

ALL CI PLANS
**NO MEDICAL
REQUIRED**

We cover the **top 8 conditions** that make up more than **90 percent** of critical illness claims. This means clients aren't paying to cover conditions that rarely occur.

It's our way of maximizing protection while keeping premiums affordable.

CASE STUDIES

Julie, female, aged 35, non-smoker, diagnosed with basal cell carcinoma 6 months ago. Otherwise healthy. DECLINED for CI insurance elsewhere. APPROVED for ALL plans at preferred rates with us. She chooses Cardiac AND Cancer Protect CI, T75 face amount of \$50,000, at a rate of \$42.12 per month. Two years later at age 37, she is diagnosed with cancer. We pay her a lump-sum benefit of \$50,000 for her cancer claim. She is still covered for cardiac conditions for \$50,000. Her premiums drop to \$16.20 because she’s now only paying for cardiac coverage. What’s more, her new premiums are based on her issue age of 35, not her attained age of 37!
